

Muhammad Irgi Al Ghithraf

Dear GoTo Group Recruitment Team

My name is Muhammad Irgi Al Ghithraf, a recent graduate of Informatics Engineering from Pamulang University. I would like to express my interest in applying for a position at GoTo Group. Although this is my first time applying to GoTo Group, I am highly motivated and committed to learning and contributing optimally to an innovative and dynamic company like yours.

I believe that my skills, including analytical abilities, graphic design, and project management, can contribute to the success of the team at GoTo Group. While I may not have direct experience in the tech industry, my skills in communication, time management, and experience in UI/UX development have been honed through various projects and activities during my studies at university.

I deeply appreciate the opportunity to contribute to GoTo Group, and I am confident that I can meet the company's expectations with dedication and perseverance. I am also prepared to undergo any necessary training or development to quickly adapt to the fast-paced work environment.

I look forward to the opportunity to meet with the recruitment team to further discuss my interests and qualifications. Thank you for your time and consideration. I hope to contribute to supporting innovation and growth at GoTo Group.

Sincerely,

ADDRESS
